## FLOATING WELLNESS

Imagine stepping onto a sun-drenched deck, the gentle waves lapping below, a soft breeze carrying the scent of the sea. A Jacuzzi awaits, promising a serene escape, while the spa's soothing atmosphere invites you to leave the world behind. Onboard wellness is no longer a luxury-it's a way to reconnect with yourself, surrounded by the calm of the open water.

"Clients seek something emotionally enriching, a moment of genuine relaxation and connection with themselves, not just a treatment."

"A dedicated spa area creates a sense of intention and escape, but flexibility matters-treatments can also happen on deck at sunset or in the privacy of a cabin."

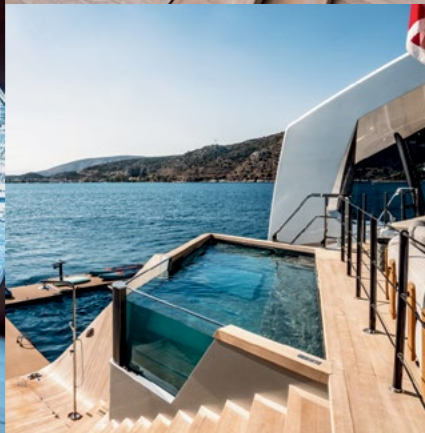

"Spa areas are usually inside for comfort and privacy, yet moments close to the sea, feeling the breeze and hearing the waves, make the experience truly special."

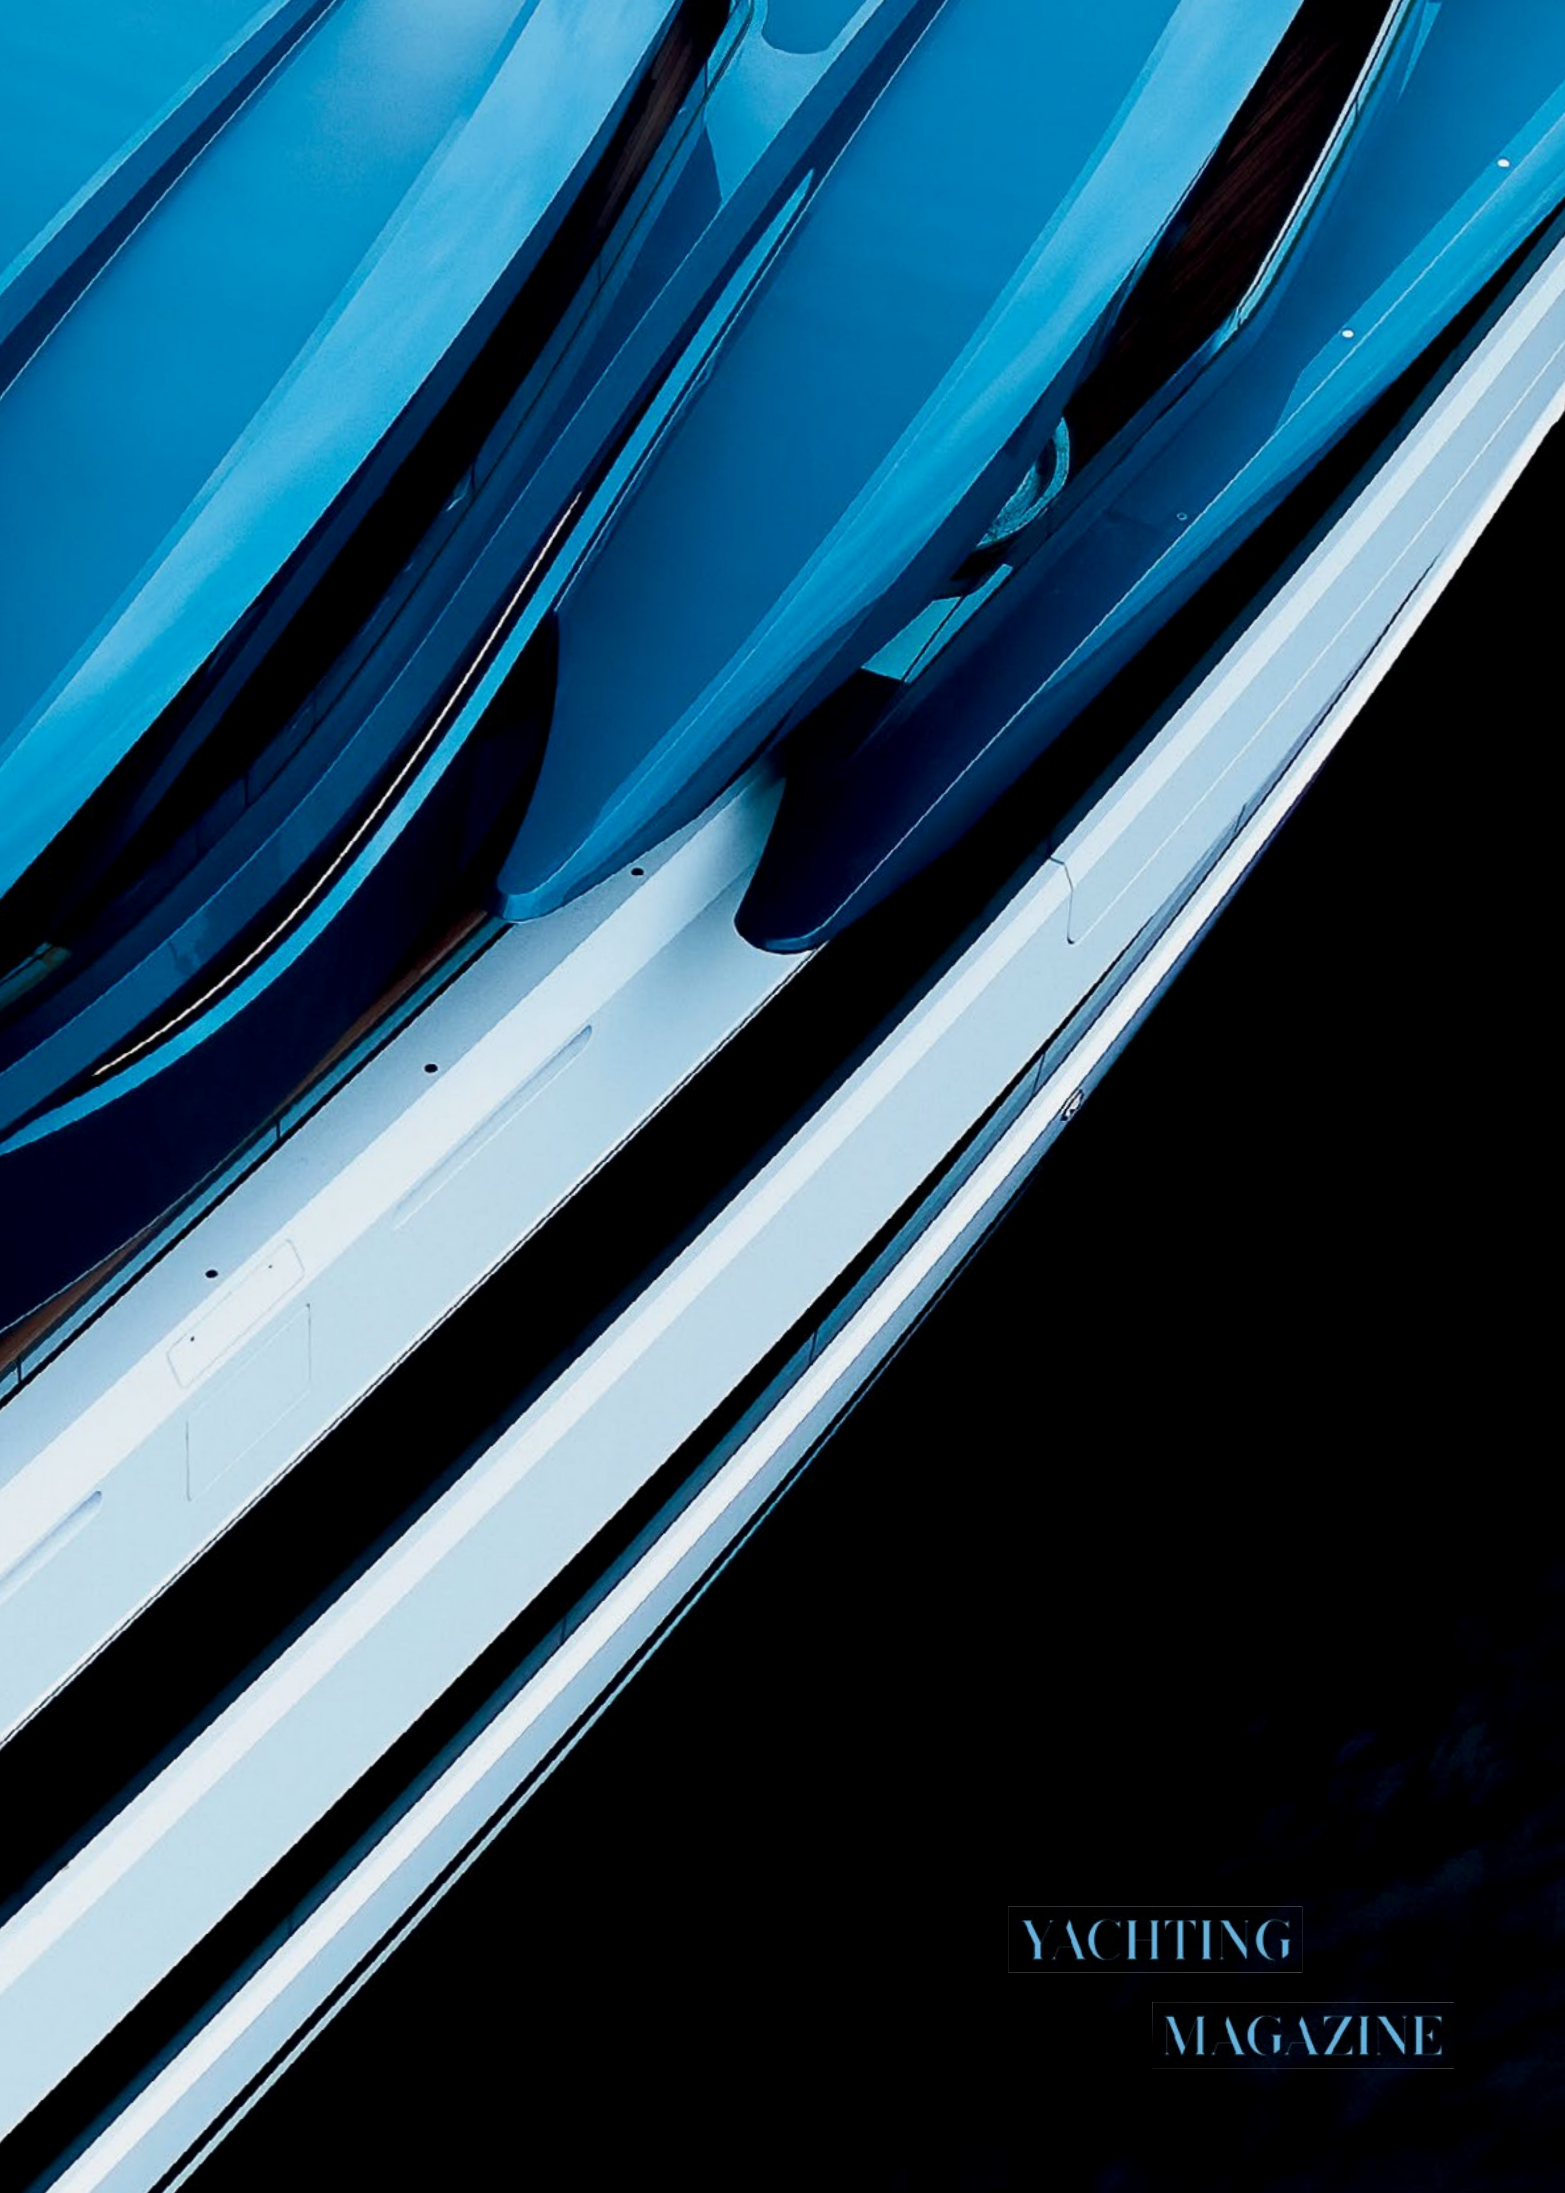

"The atmosphere is key: soft lighting, calming music, and subtle aromatherapy all create a feeling of escape."

"Clients value high-end, trusted products, but the overall experience and quality of the therapist are just as important."
